The majority of American families are underinsured* –make sure your family’s financial security is protected.
MetLife

IMPORTANT INFORMATION FOR PAC MEMBERS INSURED WITH METLIFE

Enclosed you will find the *newly created* MetLife Beneficiary Designation Form. Previously, members who elected to update their beneficiary with MetLife would do so with the actual enrollment form.

Members who are participating in MetLife should be encouraged to have a current beneficiary designation form completed.

Why is this important today?

- ✓ Many members have not updated their beneficiary for many years and,
- ✓ Some have NO beneficiary designation form on file. Members who have continued their coverage from Cigna to MetLife have **NO beneficiary designation form on file**, as that information was previously maintained by Cigna and not forwarded to MetLife.

Choosing a beneficiary will ensure that benefits are paid in accordance with ones wishes.

For convenience, PAC is posting this MetLife Beneficiary Designation Form at www.ctpac.com under the Insurance Tab.

Members may elect to change beneficiaries at any time. A copy of the completed form can be maintained by the Department Local Vice President and the member must retain a copy for their records. PAC does not maintain this information.

Sincerely,
Gary Michell
